PREFACE

Udyansh is continuously taking efforts towards sustainable rural development through different approach and strategy. As a part of its approach, Udyansh has implemented various projects with integration and holistic development. Udyansh believes in creativity & innovation with existing projects to address the field problems.

During 2017-18, Udyansh has focused on Overall development of rural families through agriculture interventions, awareness regarding health, education and environment and promotion of farmer's producer organizations. Udyansh has demonstrated intercropping demonstrations to reduce dependency on single crop and to get additional income to the farmers from sustainability point of view.

I, am very grateful to publish annual report 2017-18 with insight of progress achieved during the year.

I sincerely thanks to my all dedicated staff, advisors, resource persons and management who worked day and night to make the programs successful for wellbeing of rural community.

I am also grateful to our donors and funding agencies especially IDH, Netherlands, BCI Secretariat, New Delhi and NABARD, Bhopal for their constant guidance, support and encouragement.

I appreciate the commitment and trust of our participating farmers for their encouraging response, active participation in programs and adoption of sustainable agriculture practices and decent work practices for their sustainable future.

Mr. Anil Bhalse
Director

UDYANSH'S MISSION:

“To uplift the socio-economic status of rural poor families through capacity building, livelihood enhancement, Natural resource management, Value chain up-gradation and women in development with gender equity.”

UDYANSH'S APPROACH:

- Pro-poor : to cater poor families in real sense
- Participatory : to bring their ownership in projects
- Need based : to address their needs
- Replicable : to outreach more number of families
- Sustainable : to benefit in long run.

UDYANSH'S STRENGTH:

- ✓ Visionary top Management
- ✓ Qualified & Experienced Professionals
- ✓ Dedicated Field Staff
- ✓ Attachment with Tribal Community
- ✓ Community mobilization skills
- ✓ Innovative & Creative concepts of development with logical applications

UDYANSH'S INTRODUCTION:

UDAYANSH came into existence in the year 2000 to build up the capacity of Women, Education and Development for the remote and far reaching Tribal Region of Madhya Pradesh. UDYANSH strives to full fill its vision of mainstreaming the Tribal Families of this backward region with the active participation and involvement of the people.

Since its inception and with a span of 12 years UDYANSH has started its work in 2000 from Khandwa block of Khandwa District with Swa-Shakti Project supported by Department of Mahila Evam Bal Vikas, Govt of Madhya Pradesh.

Thikri block of Barwani District having 73% tribal population UDAYANSH initiated its work with awareness programme for child, women and adult's healths, concept of SHG & importance of education in their life through trainings, camps, meetings & individual contacts.

UDYANSH is already involved in several projects in the area now. Through these projects it is reaching to the same rural community i.e. socially excluded which needs support and opportunities for their regular employment and livelihood since the organization has its presence and set up in the intervention area now.

UDYANSH has very good experience in working for sustainable livelihood for the community and has successfully implemented MP Rural Livelihood Project with a holistic approach of integrated sustainable rural development through enhancement of livelihood opportunities, empowerment of local panchayat raj institution (PRI), optimum utilization of local resources, and reduction in migration, Linkages of women SHG with income generation activities such as goat and poultry rearing, cosmetics, grocery and electric shops, carpentry etc and ensured livelihoods promotion.

Under the MP Rural Livelihood Project UDYANSH covered more than 1550 families during 2006-07 and through its activities could able to increase their monthly income through different income generation activities, the beneficiaries includes ST / SC / OBC engaged in Agriculture sector. The income generation activities includes Vermi compost, Kharib Seed Exhibition, Seed Bank, Nursery Plants rearing, Bio Gas, Vegetable Seeds / Jetropa, Trigard, Rabi Seeds Exhibition, Drip Irrigation, Seed-rill, Production of Lac, Badi Program, Chilli Nursery and Production, Nursery Development, Culture exhibition and etc.

We are expertise in the field of livelihood enhancement in general and in particular with women from socially Excluded communities as well. There are demonstrable experience of implementing interventions in farm and off farm livelihood sectors in the area of intervention in Agriculture & its allied sectors including in animal husbandry with sound understanding of the complexities of the rural sector which also includes demonstrable experience of working with socially excluded groups. We have a very good experience in promotion of livelihood especially in rural poor and in the difficult areas.

Seasonal migration for job/ livelihood, poor education, poor communication in reaching far off villages, geographical conditions, and lagging in upgraded new technologies due to lack of awareness, poor financial background of the poor are the challenges and barriers faced by UDYANSH in the process of implementation of various activities in the area.

Since its inception UDYANSH has successfully implemented the activities under besides Madhya Pradesh Rural livelihoods project (MPRLP) in Barwani District are National Rozgar employments Guarantee schemes (NREGA) in Barwani & Khargone Districts and Backward Region Grant Fund (BRGF) in Barwani & Jhabua District of Madhya Pradesh. And with National Child labour Project undertaking ax cute the two Schools with 50-50 per School laving 50 Students.

OPERATIONAL AREA:

Udyansh is specifically working in tribal dominant areas. Following MAP show the operational area of organization in the state of Madhya Pradesh:

BARWANI, DHAR,
JHABUA, ALIRAJPUR,
KHANDWA &
BURHANPUR in M.P.

STAFF POSITION:

- Management staff: 6
- Advisor: 2
- Development Professionals: 10
- Project Manager: 5
- Field Facilitators: 28

AVAILABLE RESOURCES/CONTENT IN INSTITUTION

Udayansh Gramin Samaj Sewa Samiti is managing its work from its own Head office office at Thikri and as well as Branch offices respectively at Kukshi & Lohari. The offices are well equipped with Furniture's Computers and Vehicles.

ORGANIZATIONAL STRUCTURE

CORE PROGRAMMES OF THE ORGANIZATION:

- Sustainable agriculture
- Training & Capacity building
- Livelihood development
- Women development
- Skill development

PROJECTS IMPLEMENTED DURING 2017-18

Udyansh has implemented following major projects during the year:-

- Better cotton Initiative
- Farmers club programme
- Demonstrations on intercropping
- IPM training programme

1. BETTER COTTON INITIATIVE (BCI) PROJECT:

Udyansh has implemented BCI project as one of the major project during the year covering more than 11514 cotton growing farmers in two blocks of dhar district viz. Kukshi & Lohari. The project is being funded by IDH, Trade initiative- Netherland. The project is being monitored by BCI secretariat, New Delhi.

Objectives of the project:

- To demonstrate the inherent benefits of better cotton production, particularly the financial health.
- To reduce the impact of water and pesticide use on human and environmental health.
- To improve soil health and biodiversity.
- To promote decent work for farming communities and cotton farm workers.
- To facilitate global knowledge exchange on more sustainable cotton production.
- To increase traceability along the cotton supply chain.

Project area and villages:

Udyansh is implementing the project of Better Cotton initiative in 61 villages of Dhar district covering 11514 farmers with 11314.87 hectare area.

The village wise breakup of farmers covered for the year 2017-18 is given below:

Sr No	Selected	Block	Total No. of Farmers	Area (Ha.)
1	Masaniya	Nisarpur	178	133.4
2	Khandlai	Ghandwani	280	159.8
3	Dhobdiya	Ghandwani	62	15
4	Ambpura	Ghandwani	210	180
5	Sendla	Ghandwani	323	223
6	Brahmanpuri	Manawar	264	186.6

Methodology adopted:

Udyansh has adopted following structure to build up the capacity of farmers:

1. **Staff Training:** it has been conducted in the month of April on BCI system with support of BCI accreditor trainer and technical trainings for staff was carried out at different stages of crop during month of June , August, October & January. Total 35 staff was trained including PU managers, FF and master trainers.
2. **IEC Material Development:** Udyansh has developed following IEC materials in local dialect with pictorials to build up the capacity of staff & farmers and used in all respective training programs:
 - Training Book on cotton production- for total 35 staff members covering 11514 farmers.
 - Flipcharts - used by FF during farmers training at LG level. Total 35 flipcharts has been developed covering 11514 farmers.
 - Wall Paintings: total 25 wall paintings have been created. The topics were Nitrogen management, low cost technologies such as Amrut Pani & Bisra Khat and about Do's & Don'ts of BCI project
 - Flex: Separate flex has been developed on identification of beneficial & harmful insects. Total 50 flex has been developed covering 11514 farmers.
 - Banners in schools: for awareness about health of pregnant women & child during cotton cultivation. Total 50 banners has been created covering 11514 farmers.
 - Snakes & ladders game: on health aspects in all villages.
 - Pictorial posters: total 35 Pictograms has been developed for conducting self-assessment in addition to questionnaires covering 930 farmers.
 - FFB: Total 12000 FFB's was developed in local dialect and distributed to 11514 farmers.

3. **Lead farmers Training:** Udyansh has provided training to 370 lead farmers on BCI system & MPC's and group dynamics & vision building.
4. **LG Farmers Trainings:** along with awareness in the villages, Udyansh has carried out LG farmer's trainings for all aspects at different stages of cotton crop and covered total 11514 farmers. The LG wise trainings were organised & record maintained accordingly.
5. **Demonstration Plots:** Udyansh has established total 55 Demonstrations plots in the field of 55 farmers and total 1800 farmers visited these demo plots.
6. **IPM Training:** Udyansh has conducted separate 10 IPM training programs for 370 lead farmers & 30 staff members in collaboration with NABARD.
7. **Peer Review:** total 165 peer review has been conducted during September to January covering 11514 farmers.

Achievements:-

Overall Impact on income of Farmers:-

2. FARMERS CLUB (FC) PROGRAM:

Udyansh has implemented farmers club program in 13 villages under guidance of NABARD. There is a genuine need to organize and nurture these groups and build their capacities to work for improvement of irrigation efficiency and crop productivity. These groups could be linked to various on-farm and non farm activities like marketing, establishment of food and fodder banks, establishment of bio-fertilizer units, agri-business centers etc

The activities carried out under FC program are as follows:

- Capacity building through trainings and exposure visits
- Organizing developmental activities in the selected villages
- Programmes on farmers trainings related to improved agriculture and market
- Working as microfinance institution in the selected villages
- Organizing trainings on micro enterprises development and skill development
- Awareness programme on sanitation and community health
- Ensuring smooth functioning of all government schemes in the selected villages

The detail of Farmers club is mentioned in table below:-

S.NO	Name of the Club	Club Code	Village	Block	Number of farmer	Name of chief volunteer
1	Aloda Kisan Club Gram Aloda	7072410435	Aloda	Kukshi	12	Dayaram/ Bansing
2	Ajniya Malhar Kishan Club Ajniya Malhar	7072410436	Anjniya Malhar	Kukshi	12	Bapusingh/ Nurala
3	Bhaislay Kisan Club Gram Bhaislay	7072410437	Beshalay	Kukshi	15	Sohan/ Juvansingh

3. DEMONSTRATIONS ON INTERCROPPING

Project Details:

S.No.	Particulars	Details
1	Name of Project	Project on Demonstration of Soyabean and Cotton with Maize and Moong as intercropped in 3 villages of Kukshi & Nisarpur Blocks of Dhar District
2	Details of sanction	NABARD Sanction Letter no. NB.MP/RO/Bhopal/FSPF/2822/DPR-28/2017-18 dated 31.10.2017
3	Name and address of PIA	PIA - Udyansh Gramin Samaj Sewa Samiti, Thikri district: Barwani (MP)

Farmers selected: the details of farmer selected for demonstrations are as follows:-

S.N.	Name of Farmer	Village	Block	Demonstration crops
1	Ramsingh bhagwan	Rantalav	Nisarpur	Cotton with Moong
2	Prakash Narayan	Rantalav	Nisarpur	Soyabean with Maize
3	Jasoda Bai Vijay	Sulgaon	Nisarpur	Soyabean with Maize
4	Saku Bai Ambaram	Sulgaon	Nisarpur	Cotton with Moong
5	Pratap singh Tersingh	Haldi	kukshi	Cotton with Moong
6	Kesar singh Dasriya	Haldi	kukshi	Soyabean with Maize

Achievements:-

Following are the key achievements:-

- ✓ PIA has given training to all six farmers on improved agriculture practices.
- ✓ PIA has established all six demonstrations as per sanction.
- ✓ Display board has installed at each demonstration plot.
- ✓ PIA has organized field days in demonstration plots.
- ✓ All six farmers have used improved varieties for demonstration such as JS-335 in case of soyabean & BT in case of cotton.
- ✓ All six farmers used micronutrients such as rhizophos, ssp, G-2 and trap crops.
- ✓ All six farmers adopted integrated nutrient management and integrated pest management practices in the demonstration plots.
- ✓ Three farmers have taken moong as intercrop in cotton and three farmers have taken maize as intercrop in soyabean.
- ✓ All cotton demonstration farmers have used bisra khat, amrut pani and neem oil for pest control.
- ✓ PIA has utilized experience and qualified resource persons for establishment of demonstrations.
- ✓ A separate register maintained containing details of each farmer.

Monitoring visit by Nabard officials

4. IPM TRAINING PROGRAMME:

Name of Project : Organizing training programs on integrated pest management for cotton growing farmers of Dhar district under FSPF

Name of PIA : Udyansh Gramin Samaj Sewa Samiti, Thikri, District: Barwani

Sanction Details : NABARD NB.MP.RO.Bhopal/FSPF/2768/DPR-27/2017-18 Dated 11/10/2017

Executive Summary:

The project on 'organizing training programs on integrated pest management for cotton growing farmers of Dhar district' was sanctioned by Nabard regional office, Bhopal with objectives to maintain the sustainability of cotton crop through integrated pest management. The specific objective is to create the awareness among cotton growing farmers on integrated pest management which is better for farming community and environment. The project was being implemented in dhar district for 400 cotton growing lead farmers including volunteers. The lead farmers have been selected from learning groups which has been formed by Udyansh for cotton growing farmers. Each group consists of 35-40 farmers with one lead farmer. Most of the selected farmers are lead farmers. The purpose of selection of these farmers was that they should be able to transfer the knowledge to other farmers in their groups.

The training programs were organized at kukshi & lohari places by providing all the facilities to participants. The most experienced resource persons were delivered lectures with pictorial demonstrations and interacted with participating farmers. The advisory services from kvk were also taken.

The topics covered in the training programs were as follows:

- The role and importance of the integrated pest management
- Identification of Pest & Predator
- Pest scouting & Decision making
- Health & Safety issues during spraying

Training Methodology adopted as follows:

- PPT in pictorial form & pictures
 - Video clips
 - Group discussions & interactions with experts
-

- Visit to cotton field for pest identification and pest scouting

The major achievements of these training programs are as follows:

- The selected 400 participants aware about importance of integrated pest management (IPM) practices.
- IPM practices adopted by all 390 lead farmers in their own field
- Reduction in use of chemical pesticides by two sprays
- These trained Lead farmers disseminate learned knowledge to their respective groups in coordination with volunteers.
- Adoption of integrated pest management (IPM) practices by other farmers in coming season

List of Participants

Udyansh has conducted this training program in kukshi & lohari clusters of dhar district. The details are as follows:-

कपास उत्पादन परियोजना...

फ्रांस के पूर्व पर्यावरण मंत्री खेती की तकनीक देखने भीमपुर आईं

वनवासी रीति-रिवाज से किया स्वागत

पत्रिका न्यूज़ नेटवर्क
patrika.com

लोहारी, उदयश ग्रामीण समाज सेवा समिति द्वारा संचालित बेहतर कपास उत्पादन परियोजना के तहत कुशी क्षेत्र के भीमपुर गांव में फ्रांस के पूर्व पर्यावरण मंत्री ब्रिक्स लालोदे आईं। बीसीआई अंतर्गत गांवों में किए जा रहे कार्यों से कपास की खेती में खर्च कम और उत्पादन अधिक हो रहा है या नहीं। इसका अवलोकन करने के लिए आयडीएच के दल जिसमें फ्रांस के पूर्व पर्यावरण मंत्री लालोदे एवं लंदन से क्लाइड भीमपुरा में वस्तुस्थिति जानने पहुंचे। इनके साथ बीसीआई के कंट्री डायरेक्टर राजीव बरूआ भी उपस्थित रहे। ग्रामीणों द्वारा अथितियों का स्वागत वनवासी प्रथा के अनुसार किया

भीमपुरा में उपस्थित ग्रामीण।

संबोधित करते विदेशी मेहमान।

गया। ग्रामीणों द्वारा कम लागत के साधन जैसे जैविक खाद एवं जैविक दवाई के उपयोग,

कीटनाशकों की जानकारी, नवीन तकनीकी, पर्यावरण के प्रति जागरूकता एवं उदयश संस्था के प्रति लोगों के विश्वास से अथितियों को संतुष्ट हुई। इनके द्वारा जिस उद्देश्य से परियोजना का संचालन किया जा रहा है उसका प्रतिफल उन्हें आज भीमपुरा जैसे दुर्गम क्षेत्र में देखने को मिल रहा है। संस्था प्रमुख अनिल भालसे ने परियोजना के संपूर्ण ग्रामों की प्रगति के बारे में बताया।

Visit of Mr.Bric (Ex-Environment Minister, France)
